

Become a Corptax® Certified Professional

In response to strong market demand, Corptax now offers professional certification for end users of Corptax products. The Corptax Certification Program provides unique qualifications for individuals who have best-in-class Corptax product skills.

Why Get Certified?

Demand for Corptax experts continues to grow rapidly. By getting certified, you identify yourself as one of those experts. Moreover, you've told us that we've given you a great deal of power: to customize, to integrate and to complete your entire tax life cycle using Corptax. Our goal is to help you take full advantage of that power.

By earning a Corptax credential, you can:

- **Use the full potential of Corptax** with best-in-class skills
- **Grow your career** by setting yourself apart from the crowd
- **Join an exclusive community** of Corptax Certified Professionals

How Do I Get Certified?

Three Steps to Certification

Step 1: Pick Your Certification

Determine which certification is right for you by consulting the program descriptions and certification datasheet. We offer four different certifications covering a variety of Corptax products and areas of the tax life cycle.

Step 2: Get Ready

Are you ready for the exam now? You may have on-the-job experience and be ready to take the exam today. If so, skip to Step 3: Get Certified.

Do you want help getting ready? You may elect to bolster your knowledge with additional preparations and training. We offer training options ranging from certification preparatory training to a very affordable Online Training subscription program. In our training courses, you'll learn critical skills and gain an understanding of exam materials.

Step 3: Get Certified

Once your exam preparations are complete, you can register for the certification program(s) of your choice. Each certification examination includes a knowledge exam and a case study to certify mastery of skills.
